

## *FROM A TEMPORAL DIMENSION WHICH YOU HAVE NO UNDERSTANDING OF*

*Wandering off  
further and further away  
the hut in the distance  
loses its contours  
under the bane of the numbing sun*

*Scorched  
by the scentless frost of self-displacement  
Deranged  
by incompatible blood running through his crystallized veins*

*Denial of ascetism – denial of ascetism – denial of ascetism  
Cremation of innocence – cremation of innocence – cremation of innocence*

*Blind to his inner-darkness  
exiled by his entrails  
forgetting his native language  
learning by heart the foulest litanies of others*

*A gleam, mirage of immanence  
a charming sound coming from eerie games  
bending over materiality  
Enslaved ! Enslaved ! Enslaved ! Enslaved ! Enslaved ! Enslaved !*

*His compass is broken  
more and more dense forest  
outside a new addictive religion for the mind  
Inside... DECAAAAAY !!!! DE-CAAY !!!*

*A remote-controlled gravedigger is staring at the mass grave  
with contempt  
looking at the embalmed cadaver of himself in the tarnished mirror of time*

*Laughing out of unawareness  
Techno-lobotomy in progress  
Stillness in escapism – Intangible seal of oblivion  
Stillness in escapism – Unseen mark of annihilation*
