

WITHIN A WELL

*Pied pipers of today
forbidden fruits
high toxicity
Reason's compounds*

*Obsessive delving
nails scraping the air
holding your breath
until the next orgasm*

*Codying system of deafness
as rousing as lifeless*

- - -

*That's so shimmering
auditory contraption
that's so appalling
compulsory attraction*

*Hunger comes eating
addiction makes you lie
shame from self-indulgence
the crippling of the blind*

*Schedule of self-destruction
eyes in disbelief
no deadlines for your redemptions
an ever-growing wishlist*

*Pay heed to the calling
pay heed to that breed
claiming to be jilted
so to pursue false needs*

- - -

*Sinking up to your waist
all you can do is lie !
A cull for those who were called chaste
you put both your feet on a landmine*

*Pins and needles in my legs
induced sleep in your grime
deception is what you drag
across the floor of your whine*
